

# Selections Series

Peace of mind.  
Peace and **quiet.**

#### Gliderol's Selections Series

For the ultimate designer experience, Gliderol's Selections Series garage doors are the crowning jewel to any home.

With a range of styles and finishes available, it's never been easier to completely customise your garage door to perfectly reflect your own personal style, while adding the final touch of luxury to the frontage of your home.

More than just a garage door, the Selections Series enhances the modern, designer appeal of your home, and is sure to become it's most talked about feature. Make your home the envy of your street by contacting Gliderol about a Selections Series door today.

Make a style statement with a **Selections Series** garage door.

**Creating your Gliderol Selections Series door is easy:**

**1. Pick your door style**

Gliderol's Selections Series doors are available in six standard frame styles, all of which can be tailored and customised to suit the style of your home.

**2. Select your panel type**

With six standard panel material types to choose from, you're certain to find a combination to compliment the look and feel of your design.

**3. Choose your colour**

Each panel type is available in a range of colours specifically selected to compliment your chosen style of door. Speak to your Gliderol representative today to view a colour sample.

# Select your **door frame style.**

## Baron

The Baron is a sleek and modern design that is well suited to contemporary homes. This style of door features one vertical division through the mid-point of the door panels.

## Caesar

The Caesar is a sharp, modern design well suited to all contemporary homes. Three even, vertical sections, with the number of horizontal sections designed to suit the height of your garage opening is the standard option.

## Sultan

The Sultan design suits both classic and modern homes. As standard, this design features two vertical breaks on either side of the door, and the number of horizontal sections is designed to suit the height of your garage opening.

## Sovereign

The classic lines of the Sovereign adds character to most homes. As standard, this door design has four vertical sections and the number of horizontal sections varies to suit the height of your garage opening. With a range of materials and colour options to choose from, the Sovereign design is highly customisable.

## Regent

The Regent features long, sleek horizontal panels with no vertical breaks. Creating a simple, long-line effect, this design adds elegance and class to almost any style of home. The Regent suits simple panel combinations, making the design of the door the key feature.

## Royal Left (viewed from outside)

The Royal is a modern design that suits a range of contemporary homes with the added feature of either a right-hand or left-hand vertical break.

## Royal Right (viewed from outside)

The Royal can be customised to suit any combination of panel inserts while maintaining a stylish design.

---

## Recommended **door frame colours.**

The external portion of your door frame is available in a wide range of powdercoat colours that have been selected specifically to compliment the style and finish of the range. Please refer to the 'Selections Powdercoat Colour Chart' located at the rear of this booklet for colour options.

Please note, Alumicomp door frames are not visible externally and do not require powdercoating. Mastic is used to seal and finish all Alumicomp joints to create a negative detail effect and is available in your choice of Light Grey or Black.

*Clear Anodised finish also available. Inside of door frame in mill finish only (powdercoating optional extra). All colours supplied in Satin Finish unless otherwise stated.*

# Select your **panel type.**

## Solid Sheet

Your choice of 3mm or 4.5mm Solid Acrylic Sheeting, offering a sleek and contemporary finish. Available in a wide range of colours, it is ideal for garages that lack natural light. Joins (required for lengths spanning over 2450mm) are tastefully concealed by aluminium framing in an anodised or powdercoated colour of your choice.

**Standard Colours: Opal, Opaque, Grey, White & Clear**  
(custom colours available on request)

## Alumicomp

Alumicomp is an Aluminium Composite Material consisting of low-density polyethylene core in between aluminium outer layers and is popular due to its versatility, contemporary appearance and longevity. Alumicomp offers a superior finish and is available in a wide range of colours.

Please note, architecturally specified and custom colours can be accommodated using the Alucobond® aluminium composite range.

**Standard Colours: White, Silver, Champagne, Metallic Grey, Black Matt & Black Gloss**

## Twin Wall

Twin/Multi-Wall Polycarbonate sheeting offered in five tint colours and accentuated with an aluminium powdercoated frame.

The excellent spanning capabilities of this sheeting enables manufacturing of doors up to 6000mm in width without the need for a join, ideal for maintaining privacy whilst allowing filtered sunlight into your garage.

**Standard Colours: Clear, Ice, Grey, Platinum & Opal**  
(custom colours available on request)

## Aluguard

A perforated insert option which can be used on it's own or combined with another panel type to offer improved ventilation.

**Available in Black powdercoat as standard or refer to the Selections Powdercoat Colour Chart for options.**

## Bar Panel

Bar Panel sectional doors provides visibility, ventilation and peace of mind security. Ideally suited for commercial applications such as shopping centre and high-rise building car parks.

**Available in Black powdercoat as standard or refer to the Selections Powdercoat Colour Chart for options.**

## Diamond Mesh

Starting with our unique aluminium frame, small diamond mesh is added to create a garage door ideal for areas requiring ventilation & light whilst maintaining privacy and security.

**Available in Black powdercoat as standard or refer to the Selections Powdercoat Colour Chart for options.**

Up to 40% of  
your home's  
frontage is  
the garage door -  
**make it  
something  
special.**

**Your Ideas Brought To Life**

Designing your own garage door is an experience that will add value and luxury to your home. No matter the look and style, the Gliderol Selections Series provides a range of material options and colours to perfectly compliment your home. Don't settle for less when the possibilities are endless!

Enhance the  
**kerb appeal** &  
street presence  
of your home.

**Create a Lasting Impression**

Whether it's the finish, the texture, or the colour, Gliderol's Selections Series allows you to customise your garage door to suit your own personal style.

From a sleek, smooth finish to suit ultra modern, contemporary homes, to a door that colour matches perfectly to already existing features, adding extra character to an already impressive home.

Having  
**security & style**  
together is finally  
a possibility  
in your home or  
workplace.

**Commercial Solutions with Style**

Offering ventilation and a high level of security, Gliderol's Selections Series includes a number of panel options ideal for commercial and industrial applications, such as shopping centre and high-rise building car parks.

Speak to your Gliderol sales representative about tailoring a custom solution for your next project.

Create something  
**truly unique**,  
the only limit is your  
imagination.

#### Gliderol Guarantee

At Gliderol, we have been providing our valued customers with state of the art garage doors for over 40 years. So you can be confident that when you purchase a Gliderol garage door, we care about the quality of our products just as much as you do.
